

Thin Film Measurement solution Software, sensors, custom development and integration

TFCompanion Update to ver. 4.5

These instructions are only for the update from the previous versions of TFCompanion. If you already have ver. 4.5 of TFCompanion – updates to new builds are done as before: Help/Check Update and follow prompts.

Fig. 1 Help/About from the main menu will show the current version of TFCompanion.

- I. Steps to update TFCompanion to ver. 4.5
- 1. Install the new update (TFUpdater)
 - a). Most likely, you have a previous version of TFUpdater

Fig. 2 Check the version of TFUpdater. If the version is < 4.5 - uninstall it

b). After uninstalling TFUpdater - delete C:/TFCompanion/updater directory
